

# Writers' Survival Kit

**Slime** - When you have writer's block do something else. Go for a walk, do something with your hands...

**Tiny notebook** - Every writer should have somewhere to write down inspiration when it strikes

**Chocolate** - When you struggle getting motivated chocolate can give you a boost

**Flash drive** - Always back up your work!

**You are awesome** - Create a stare-at-the-wall -and-think collage for when you're daydreaming.
